SUPERINTENDENT'S OFFICE.

November 13th 1889. 188

My dear Sir:-

In forwarding the dismissals and nominations of this date, I beg to state that the position designated as "Custodian of Mint Building and Property", describes exactly the work devolving upon the individual so named. The title "Chief Carpenter" is misleading, as the man so named need not necessarily be a carpenter and really does no carpentering work at all. He supervises all the laboring and skilled work necessary to keep the institution in good order and repair. A proper man in this place, such a one as Col. Ege is represented to me to be, can make himself invaluable. With him in charge I can soon show a decrease in the general expense account. I might add, that I believe Col. Ege's appointment will be very satisfactory to the Hon. Mr. Windom, Sec'y. of the Treasury- not that he has requested it, but I know he has a kind feeling for Col. Ege, who comes to me with the strongest recommendations of the foremost people of our state.

The reception of supplies- wood, coal, charcoal and the like, ought to be closely watched, and Mr. Helmbold, at a reduced salary from his present per diem as Chief Carpenter can perform

this work very well. It would be his duty to see that supplies are furnished as agreed and that the quantity tallies with the invoice. In discharging two laborers at $2.75 per diem each, and giving Mr. Helmbold $3.50 per diem, I am saving $2.00 per diem, as I do not expect to replace these men.

Respectfully yours,

O. C. Ratcliffe

I find upon inquiry that the removal of Henry Steiner as a Night Watchman in the General Department to take effect on the 16th inst. would work an injury to a very worthy old soldier; hence I have the honor to request his reinstatement.

Sir,

I am in receipt of communication in the above matter and would say that the compensation suggested, $7.00 per diem, ought to be allowed. Mr. Nesbitt has been Chief Clerk of the Institution quite 20 years. He is a lawyer by profession, and during his long term has become quite familiar with the rules, regulations and laws governing Government institutions. besides having requested your reference in the matter of which notice. His reference and advice are of great value in successfully conducting the business of the Mint in the

preparation of contracts, and in watching the
faithful fulfilment of the same, and I certainly
consider that his fine legal mind, added to
his long and faithful service in the premises
entitles him to a compensation of at least
$7.00 per diem. (This will not add to the
wages account in the Ordinary Expenses, as, by
charging the refinery account with the expenses
properly belonging to it, I have saved the Company
fees of nearly $6000 per annum - so that in
allowing the pay suggested, this latter account will
still show a handsome decrease.) Upon
Mr. Hecht's services the last four years entitle
him to great consideration - as it is owing to
their wise fidelity & the high character & unquestioned
ability that time he devoted all his powers to promoting

the Institution from failing to maintain the high position attained in the years past, as preeminently the standard Print of the world. a work developing almost solely on Mr. Hicholi's shoulders, and this he carried on at a sacrifice of needed recreation and rest absolutely required by a man of his years. I trust that the per diem named will be allowed by you. I am sure it will be earned, and will be money placed where it will do good service for Mint work.

I have asked Messrs. Tuttle and Cobb to add the weight of their opinion as to Mr. Nichols' skill and the justice of permitting him to occupy a desk that may be new, but one that can readily fade out with him.

Very truly yours
O. H. Bockstael

Sir;

Regarding the transfers recommended in the letter enclosed herein, I have the honor to say that it is only following a general line of policy I want to carry out, i.e., to give the proper designations to the duties performed by the clerks employed. Hounteen is classed as in the Cabinet - he is not in the Cabinet - never was - but he is very valuable as a Pay Roll Clerk, and in charge of the accounts of the employes. He is a busy man and worth $5. per diem.

I want to consolidate two other positions - one held by Haubright, who is classed as in the Cabinet @ $3.50 per diem, and Miscellaneous Clerk,

Mint of the United States at Philadelphia, Pa.,

SUPERINTENDENT'S OFFICE,

18

O.B. Jones, who receives $3.50 per diem - and call the consolidated position Miscellaneous Clerk @ $5. give it to Jones, and retire Hambright - As soon as Latta gives me his resignation, which I believe he will do, I will make this recommendation - The two places will keep one man quite busy and will be worth $5. per diem - Don't look on these increases as running up the expenses; before Jan 1st I will show you a neat saving. Consolidate Jones and Hambright I gain $2 per diem.
